Sikaflex®-291i MARINE ADHESIVE SEALANT

Sikaflex®-291i Mini-unipack, is a reliable companion when sailing the seven seas. The self-cutting cap offers a fast, clean and easy application of Sikaflex®-291i and is therefore a very handy solution for interior sealing and bonding applications. Thanks to the new innovation and improved cap you will have always clean hands, when using Sikaflex®-291i Mini-unipacks. By removing the ring and screwing in the self-cutting cap the Mini-unipack gets opened automatically. For detailed instruction and best results follow below applications steps.

APPLICATION STEPS

Follow step one to five carefully for a smooth application process.

<p>1</p>  <p>Unscrew the cap.</p>	<p>2</p>  <p>Remove the ring.</p>	<p>3</p>  <p>Screw in the nozzle.</p>	<p>4</p>  <p>Cut nozzle to create desired bead size.</p>	<p>5</p>  <p>Slide on the extrusion tool and start to apply.</p>
